

## MULTIBRACKET

Article code:	RIHAMB10
EAN:	8720094421537
WLL:	20 kg
Dimensions:	1000 x 87 x 153 mm (L x W x H)
Weight:	1.92 kg
Colour:	black

### assembly

### application

The Showtec Multibracket enables you to mount fixtures in any position: horizontally, vertically and diagonally. This Multibracket can be used with Funstrip, Sunstrip and similar 1 meter fixtures. In combination with Admiral hooks and couplers, the Multibracket can be used in grid constructions and trusses.

The Multibracket consists of a bracket and an assembly set. Every 10 cm, there is a recess in the bracket, which makes it possible to position the fixtures evenly and to mount them by means of the assembly set. By rotating the assembly set over 90°, the Multibracket can be mounted infinitely over the entire length.

### maintenance

Please do not use aggressive cleaning agents such as solvents and/or corrosive substances. Clean the product with a cloth and a soft detergent. After cleaning the product, dry it with a soft cloth. Check the product for worn, tearing and/or lost items. By wear and/or missing of the proper components this product should be immediately taken out of service. Consult your supplier for advice.

**Repair / maintenance is only permitted by a qualified person. In case of doubt, consult your supplier.**
