MAG:CFX[®]

MAG:CFX®

WE LOVE SPECIAL EFFECTS.

We believe that a festival or event is not complete without special effects. It is an essential part of the show. That one mindblowing moment when everything comes together. A sky full of confetti, the heat of the flames, a powerful blast of CO2 or bubbles floating through the air... magic!

MAGIC IS SOMETHING WE MAKE.

We will lead the way to the future of special effects. We design, develop, manufacture and supply innovative, top quality and safe special fx products for professionals. We go beyond imagination and make the impossible possible! Our range offers endless possibilities to create the greatest show ever. We make sure our products are easy accessible all over the world, through our worldwide dealer and pro-user network.

THE FUTURE OF FX CONTINUES.

Backstage we strive for perfection, day in, day out. We always move forward. Innovation, excellent service, creativity, passion and attention to detail is listed on our rider. We create next level products together with the best special effects companies in the world to match and exceed their expectations. Enough said, check out our new product range. We hope you love it as much as we do!
