TM-17

Number: 17.3500

With the megaphone series TM-1..., MONACOR offers new entry-level products for price-conscious customers. Even the lightweight units of compact size provide every important feature for most varying applications. Attention guaranteed!

With our range of reliable megaphones, we provide the perfect solution for each application. A few basic selection criteria will help you to choose the right unit. The operating range is surely the most important one. Here, the following applies: with increasing sound pressure (in dB), the operating range of the megaphone increases, too. Furthermore, it is possible to choose between megaphones with integrated microphone, with hand-held microphone or units with an additional wireless microphone. Each megaphone from MONACOR is supplied with power by standard batteries. As an alternative, a few units also feature a 12V connection. Size, weight and the power supply are further selection criteria for choosing the right megaphone. With these comparison criteria, you will surely find the ideal megaphone meeting your individual requirements very quickly. **Megaphone**

- Hand-held microphone with helix cable
- Lockable talk button and volume control at the microphone
- Operating switch for siren, speech and whistling sound
- Jack for external 12V battery operation
- Connection cable for motor vehicles
